

## Did'ja Know?

Even the stones that make the pyramids in Egypt have eroded away over time.

## Color That Stuff

The only thing to last forever is God's love. Even skyscrapers and bridges one day will fall. But the love of God will last forever.

Mark 13

Jesus told his friends, "One day, the sun will be dark and the stars will fall, and the world will end. All the buildings will crash down, and people will be gone."

"When?" asked Peter, shaking with fear.

Mary hugged herself. "I'm so scared."

"Only God knows," said Jesus. "But you don't have to be scared. Just be ready."

"How?" asked James.

Jesus said, "Listen to what I've taught you. Love God and others. Take care of people. That's all you need."

"We'll be ready then?" asked John.

"What if we mess up?" asked Susanna nervously.

"Remember that I love you," Jesus answered. "Trust me and do your best. And remember that when it happens, I will come back and the whole world will be made new."

Joanna smiled a big smile. "That makes me feel better. I'll be ready!"

### Nice Quote!

You can't build a great building on a weak foundation. You must have a solid foundation if you're going to have a strong superstructure.
