

Jesus has been raised! Alleluia! The season of Easter is still going on. Resurrection will be the theme for five more weeks.

Color That Stuff

Another symbol of Easter is the butterfly. After spending time in a cocoon, a caterpillar turns into a beautiful butterfly. Color it up!

The Season of Easter

EASTER

April 18, 2021
Luke 24

Jesus' friends were so sad and scared after Jesus died. They were all together in a house, wondering what to do next.

Suddenly, Jesus was there with them.

"It's a ghost!" shouted Mary.

"I'm so scared!" cried John. The friends all shook with fear.

Jesus smiled. "Don't be afraid. I'm not a ghost. God brought me back to life. It's really me, Jesus!"

Mary frowned. She reached out and touched him. He was real and solid.

Jesus' stomach rumbled. "I am so hungry," he said. "You got anything to eat?"

John brought him a piece of fish and everyone sat with him while he ate it.

Jesus was really alive again! They didn't know how long he would be with them, but they were happy to see him again.

Fun Stuff

Handle

Butterfly Life Cycle Windsock!

1. Color the life cycle.

2. Cut out the bottom section and then fold it in half horizontally along the thin black line in the center.

3. Carefully cut the dotted lines.

4. Next, wrap around and glue together along the vertical glue guide.

5. Cut out the handle above and attach to the top of the windsock.

6. The bottom of the windsock can be made using strips of tissue paper, streamers, or construction paper.
