The Bread of Life

After Jesus fed 5,000 people, they followed him across the sea.

"We want more bread," said a woman.

Jesus said, "This time I will give you a different kind of bread."

"What kind of bread?" a man asked.

"The bread I gave you before just fills up your stomach. This new bread will fill up your heart."

The woman frowned. "I don't get it."

"God wants you to love God and take care of other people," Jesus said. "That's hard work and you'll need a full heart to do it. Once you eat this bread, your heart will never be hungry again."

"Wow," said the man. "Where do we get this bread?"

"I am the bread of life," Jesus said. "Follow me and I will fill your heart with love."

REMEMBER THIS

BREAD

Bread was an important food in Jesus' time. Jesus used the idea of bread to explain who he was.
