

Awesome Devotions on your smart phone!

Search for “Devotion” (available on iPhone and Android)

or “[d365](#)” (available for iPhone)

A short morning and evening devotion that applies wonderfully to real life. Great for a quick 2 minute devotion and intentional time with Jesus. A reminder pops up notifying you when the morning and evening devotions are ready.

A great devotion that follows a new theme each week. Daily scripture readings guide you as you Pause, Listen, Think, Pray, and Go as part of this devotion. A daily reminder pops up notifying you that a new devotions is ready.

"Get wisdom, get understanding; do not forget my words or turn away from them." - Proverbs 4:5. This is just one of many verses that have already impacted me and my faith. The phone app “*Devotion*” was presented to Student Leaders and me by Paul Erdmann (Youth and Family Minister at Immanuel) as we were all challenged to take on the habit of doing a daily devotion as we grow in our faith this year and focus on listening to Jesus.

Not only have I found that each passage is extremely relatable, but I have found that I look forward to doing my two daily devotions and growing closer to Christ! I invite you to join me in starting a new faith habit by finding a daily devotional.
